8/18/2008

The following list of violations of the Wisconsin Administrative Code as adopted by reference in the Milwaukee Code of Ordinances Chapter 68, and/or other City ordinance(s) must be corrected as soon as possible but not later than the date specified. A re-inspection fee may be assessed if the violation is not corrected by that date. An inspection fee may be charged for any repeat violations.

Code Number	Description of Violation	Correct By
4-501.11	Two shelving units in the walk in cooler appear to be rusted. Have the shelving units cleaned; if they are rusted, they must be replaced with new shelving units (when purchasing shelves for the walk in cooler, purchase the shelving units that are coated). The floor of the walk in cooler appears to be rusted. Have the floor thoroughly cleaned; if the floor is rusted, the floor must be replaced with an approved, smooth and cleanable surface.	9/1/2008

Notes:

Clean the grease off of the wall that is near the pull station.

There appears to be a small leak underneath the Kelvinator freezer. Have the unit serviced so that it no longer leaks onto the floor. You may not use a catch pan to catch the leak; unless the unit was designed to function that way (requires documentation).

On 8/18/2008, I served these orders upon HOA T. HONG by leaving this report with
